

## Among Our State Exchanges....

This, That and the Other, Particularly the Latter...

Republicans are wasting their efforts when they talk to people about a democratic governor giving all the places to democrats. This sympathy is not wanted. The populists are not looking for appointive places and if they were the trouble-expecting republicans could do them no good. What the pops of Nebraska want is an honest, economical government, increased railroad assessment and a reduction of freight rates. With Thompson as governor they will get the honest government and appointees who will be business-like in their administration of public funds. The pops are going to vote the fusion ticket for by so doing they will get what the tax payers want. They'll get gold-bricked if the republican state ticket is elected.—Stanton Register.

The republican contingent in congress from Nebraska are felicitating themselves with the thought that they have secured the services of President Roosevelt to assist in the fall campaign. If anything were needed to show the desperate straits to which the party is driven it is furnish in this statement. The idea of dragging the president of the United States into a little 2x4 campaign on local issues in the state will be so obnoxious to decency and political dignity that its effect will be just the reverse of what these astute managers imagine it will be. We trust it may be done. Nothing can help fusion more or drive it faster.—Wahoo Democrat.

A newspaper man is an enemy to bulletin board advertising on general principles, but there are occasions when a bulletin board may bring better results than a paper. The editor of an exchange remarks that he observed one in front of a store in this city not long ago which read: "B 4 U Buy Pants Come in and See Ours." He went in and there was not a confounded man clerk in the store, so he bought a fan and walked out.—Western Publisher.

The railroad from Plattsmouth to Hastings, 191 miles, and assessed as the B. & M. at \$10,580 a mile is the highest rated of any in the state, and it has no terminal property. The Omaha & Southwestern, fifty miles, is assessed at \$6,570 per mile and has terminals worth more than \$5,000,000. If somebody can show the justice of such assessment of roads belonging to the same system he will confer a favor on the state of Nebraska.—Lincoln Daily Post.

In all our days in Nebraska, and they are many, we have never seen the enthusiasm exhibited over a state ticket as is apparent at present over the one put up at Grand Island last week. We fail to pick up a democrat or a populist paper where there is anything but enthusiasm, and all will join in giving the entire ticket their loyal support. We believe the same feeling exists among the fusion voters and considerable support is bound to come from the republican ranks. Hon. W. H. Thompson is well and favorably known to the rank and file of the republican party in this state and who know if elected, will make the best governor this state has ever had and will live up to the principles of the platform he is running on. If you haven't had an opportunity to read the platform adopted at the Grand Island convention, get one or call at this office and we will supply your wants. The fusionists in this state have made up their minds that if principle will win a campaign they have it in that platform and will win out on that line in November.—Aurora Sun.

Running a newspaper and a hotel are just alike, only different. You go over to White's and sit down to the table, and if they bring you something that you don't like, do you storm around and tell them to stop the darn old meal? No! You simply push it off to one side like a little lamb and leave it alone. If a little article appears in the paper that rubs the hair the wrong way on your back, you come pouncing in the printing office and blurt out: I want to stop your darn old paper, I won't have it in the house any longer.—Gordon Journal.

One year ago Kansas was praying for rain to save its corn crop from the drought. Today it is praying for dry weather and farm laborers to help save its wheat crop. What the prayer will be next year remains for the meteorological condition of that to determine.—Sheridan Enterprise.

The World-Herald called the Nebraska State Journal to account for

publishing an article the sense of which was that W. H. Thompson, fusion candidate for governor is a railroad attorney and therefore not entitled to consideration. Now does the Journal humbly deny having any knowledge as to whether Thompson represents the Burlington or not, and offers a defense in that the article in question was clipped from the Sioux City Tribune. This is equivalent to admitting that the article in question is such a mass of lies that even so careless a sheet as the Journal dislikes taking the responsibility of its authorship.—York Democrat.

The republicans are in a hard row of stumps. Senator Currie, having stood for the nomination for the United States Senate and for congress, cannot well accept a renomination for state senator. And yet Mr. Currie is the only man in this senatorial district that stands a ghost of a show of winning out. As a matter of fact the fusion forces will return one senator and two representatives from this part of the state this fall.—Custer County Chief.

As we are not in the employ of any railroad and will never belong to the gang of republican office-seekers and salary-grabbers, we can see no better reasons for voting for the railroad candidate for governor on the republican ticket this year than ever before. No "full dinner pail"—with the meat left out—cry will go in Nebraska this year. The issues are: "Embezzlers must serve out their terms." "The state governs the railroad—the railroads do not govern the state," and "No speculation with the public funds." The republican nominees are corporation men—the fusion nominees are not. Take your choice.—Dakota City Herald.

"Rain, rain, go away, come again, some other day," is the cry of a good many Nebraskans and I guess we could get a long without any more just at present but after being in Colorado and seeing the parched fields and grazing lands, Nebraska looks like the garden of Eden and we haven't it in our hearts to say word. There was a little hail storm after we reached home Saturday and it broke a few window panes but after living through the genuine article such as we had in Denver, this one didn't seem like anything compared with it.—Central City Democrat.

The populists who were at the Holdrege congressional convention in 1896, when R. D. Sutherland and W. H. Thompson were candidates, and noted Mr. Thompson's effort in that campaign to elect Mr. Sutherland, will not hesitate to give him a cordial support this year. It was a bitter fight and one which apparently engendered much ill feeling. And when Mr. Sutherland was nominated it was the general opinion that a majority of the democrats would oppose him; but when Mr. Thompson came to the front and made one of the best speeches of his life, urging the democrats to stand by the nominee, to show their mettle, their devotion to principle, and as for himself, he said he would take a back seat to no one in his efforts to elect Mr. Sutherland. Many thought he was talking to the galleries but he proved true to his word. He was a potent factor in that campaign, the fusion elements were united and the victory was easy.—Minden Courier.

On a farm west of Hartington last Thursday occurred something that does not often happen that way. A storm was coming up and a boy about nine years old went out to throw the windmill out of gear. The lightning struck the mill, ran down the steel post, struck the boy in the back of the head, ran down his back and down one leg into the ground. It tore his clothes and shoe wide open but did not hurt the boy.—Dixon Herald.

It is quite apparent that even the combined pull of Senators Millard and Deitrich on the patronage tow line is not sufficient, in some cases, to land the plum. An instance is found in the recent turning down of Senator Van Boskirk for the Alliance land office, with both senators at his back.—Wahoo Democrat.

To the Public. Having bought the Grocery Department of Mollring Bros., I intend to keep the stock and store up to date, and extend a kind invitation to all my friends and the trade to call. I want your patronage and will give you the best of groceries at the lowest possible living prices. Yours to please.

## Agricultural Nebraska.

The 1900 census contains much of interest on Nebraska agriculture. The total area of improved farm land exceeds 18,000,000 acres, and the number of farms in the state is 121,525. The counties which lead in the number of farms are these four, together with the estimated value of their farms:

County	No. of Farms	Land Area	Estimated Value
Lancaster	1,558	314,419	\$20,218,000
Gage	1,394	330,749	\$18,825,070
Custer	1,394	1,251,757	\$3,395,590
Saunders	1,141	473,364	\$9,126,130

Compared with them, Douglas county is as follows:

County	No. of Farms	Land Area	Estimated Value
Douglas	1,009	197,744	\$12,829,910

As will be seen, the estimated value per acre is about \$60 in Douglas, \$39 in Lancaster, \$36 in Saunders, \$34 in Gage and \$7.50 in Custer. These figures exhibit a wide divergence in size of farms and value per acre. Four-fifths of the land in Lancaster, Gage and Saunders county is improved, but only half of that in Custer county is so described, yet on account of its great size, Custer county is credited with more acres of improved land than any other county.

The total value of live stock under the census is \$145,349,587. Of this value Cherry has the greatest, at \$4,667,692; Custer has \$3,850,009; Holt, \$3,221,299; Sheridan, \$3,059,730; Saunders, \$2,876,855; Gage, \$2,774,662; Cumming, \$2,620,948; Deuel, \$2,568,165; Buffalo, \$2,543,903. No other county has a value of \$2,500,000. Thurston \$369,523, which is the least. Douglas has \$1,493,889.

The total expenditure for labor on farms in 1899 was \$7,399,160. Of this, Dodge shows an expenditure of \$496,619. This is larger than any other county in Iowa, Kansas or Nebraska. Saunders expended \$207,810; Gage, \$201,300; Lancaster, \$193,140; Douglas, \$191,880; Otoe, \$190,210; Burt, \$175,560; Washington, \$159,800. No other county expended more than \$150,000. Banner expended \$7,140, which is the least.

## The Boss Worm Medicine.

H. P. Kumpke, druggist, Lighton, Ala., writes: "One of my customers had a child which was sick, threw up all its food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to health, vigor and elasticity of spirits natural to childhood. 25c at F. J. ## Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel salve for sores, cuts and bruises," writes Mrs. L. B. Johnson, Swift, Texas. "It is the best remedy on the market. Sure cure for piles and skin diseases. Beware of counterfeits. F. E. Holsten."

## Things We Like Best

Often Disagree With Us

Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Dieting is unnecessary. Kodol digests any kind of good food. Strengthens and invigorates.

Kodol Makes Rich Red Blood. Prepared only by E. C. DeWitt & Co., Chicago. The \$1 bottle contains 2 1/2 times the 50c. size.

## Sheriff's Sale.

By virtue of an order of sale, issued by the clerk of the district court of Box Butte county, Nebraska, upon a decree rendered by said court, in favor of George W. Sparks, plaintiff, and against John Aug. Hunzicker, Minnie Hunzicker and the Cedar Rapids Supply company, defendants, I will, on the 25th day of August, A. D. 1902, at 10 o'clock A. M. on said day, at the west front door of the courthouse in Alliance in said county, sell the following described real estate, to-wit: the west half of section 24, township 28, north range 49, west of the sixth principal meridian in Box Butte county, Nebraska, at public auction to the highest bidder for cash, to satisfy said order of sale in the sum of \$268.30 and interest, costs and accruing costs, taxed at \$40.88 as a first lien and the sum of \$1,311.85, a second lien in favor of Cedar Rapids Supply company.

IRA REED, Sheriff of said county. L. A. BERRY, Attorney for Plaintiff.

## Order of Attachment.

In justice court of L. A. Berry, one of the justices of the peace in and for Box Butte county, Nebraska. J. E. Joder vs. S. R. Barnett. S. R. Barnett will take notice that on the 16th day of July, 1902, L. A. Berry, a justice of the peace of Box Butte county, Nebraska, issued an order of attachment for the sum of \$14.00 in an action pending before him, wherein J. E. Joder is plaintiff and S. R. Barnett, defendant, that property of said defendant, consisting of money in hands of the Chicago, Burlington and Quincy railroad company has been attached under said order. Said course was continued to the 7th day of August, 1902, at 9 o'clock a.m.
